MONTAGNE ARCOBALENO PALCOYO

L'avventura inizia con pick up al vostro hotel tra le 06:30 alle 07:00 per dirigersi con trasporto turistico a Checacupe (2 ore di auto circa).

Durante il tragitto vedrete un ponte sospeso costruito dai quechua per facilitare il collegamento dell'impero Inca, dove potrete fare delle foto.

Continuazione del viaggio fino a Palcoyo. Una volta giunti si potranno già ammirare i colori. Per chi desiderasse, con una camminata di circa 50 minuti si

giunge a un punto panoramico per ammirare al meglio la Cordillera de Colores Palcoyo.

Nei pressi c'è anche un bosco di pietre, che come suggerisce il nome si tratta di rocce che assomigliano ad alberi. Dopo aver apprezzato il bellissimo paesaggio e la vastità della gamma di colori ci attenderà il pranzo.

Ritorno a Cusco, arrivo approssimativo tra le 17:00-17:30. (Durata totale della camminata: 2h-2h30 circa)

- Altitudine: 4900m slm.

DISCOVER THE AMAZON AS BIRDS DO

Day 1

- Arrive in Puerto Maldonado, the capital of Madre de Dios, and join a 2 hours journey by bus and boat to the lodge. Your first taste of the Amazon cuisine will be in the river while you leave the city behind to enjoy the amazing jungle landscapes
- Posada Amazonas Lodge awaits – a spacious ecolodge, with a bar, a massage center, and buffet service in the heart of a private concession owned by the Native Community of Infierno, the guardians of the rainforest
- Accommodation includes a 45 ms square room with a private bathroom and an open wall facing the forest
- Your stay includes three meals daily, tea, coffee, guided excursions and activities, refreshments upon arriving, and transfers to and from the airport. We assign guides at 10:1
- This afternoon join a first group hiking leads to the 40-meter scaffolding Canopy Tower. A banister staircase running through the middle provides safe access to the platforms above. From atop you obtain spectacular views of the vast expanses of standing forest cut by the Tambopata River winding through the middle. Now and then toucans, parrots, or macaws are seen flying against the horizon, or mixed species canopy flocks land in the treetop next to you

EXPLORE THE OXBOW LAKE

Day 2

- Wildlife in the Amazon takes advantage of the first lights of the day as it is cooler, so we do. Even if you are on vacation there will be some activities that our guides encourage you to make it very early in the morning and it's worth it
- Tres Chimbadas Oxbow Lake is thirty minutes by boat and forty-five minutes hiking from Posada Amazonas. Once there paddle around the lake in a catamaran, searching for the resident family of nine giant river otters (seen by 60% of our lake visitors) and other lakeside wildlife such as caiman, hoatzin, and horned screamers. Otters are most active from dawn to eight or nine AM
- The Centro Ñape is a communal organization that produces medicines out of forest plants and administers them to patients who choose their little clinic. They have produced a trail that explains the different medicinal (and other) uses of selected plants.
- You will have the option of a night walk when most of the mammals are active but rarely seen. Is much easier to find frogs with shapes and sounds as bizarre as their natural histories

END OF SERVICE

Day 3

- It is time to say goodbye, as the expedition comes to an end
- Your visit will make a direct contribution to the Ese Eja Native Community of Infierno in its efforts to protect Tambopata
- You will take the journey back to the city to the airport for your national flight onwards
